Karachi, Pakistan

PROFILE

I am a full-stack developer specializing in the MERN stack (MongoDB, Express, React, Node.js) and Next.js. I focus on crafting high-performance websites that are optimized for SEO and user experience. My approach combines cutting-edge web technologies with best practices in web development to deliver responsive, scalable, and maintainable solutions. Dedicated to continuous improvement, I am committed to daily skill enhancement and actively exploring new technologies to push the boundaries of web development in pursuit of excellence.

EDUCATION

- **GED**
American High School Degree
2021
Private
